

# The **FIGHT BACK EXPRESS** Is Rolling Into Town

Cancer will kill an estimated 565,650 people in America this year. The American Cancer Society Cancer Action Network (ACS CAN) is building a grassroots movement united in its mission of making cancer a top national priority. As part of a six-month, 48-state tour, the Fight Back Express bus will stop in cities throughout the country, rallying cancer patients, survivors, loved ones, family and friends to encourage elected officials to fulfill their essential role as partners in this fight.

The **FIGHT BACK EXPRESS** is coming to **Santa Clarita!** The bus is a big rolling billboard to make cancer a priority to our lawmakers. Please join us for an exciting afternoon. You will hear from survivor speakers and have the opportunity to sign the shrink-wrapped bus with a message to lawmakers about cancer and access to health care.
