### WHAT IS RELAY COMMITTEE ACADEMY?

**Relay Committee Academy** (RCA) is the kick-off to your committee's Relay planning season. It's purpose is to bring together all area Relay staff and committee members to help Relay For Life reach its potential. This high-energy, one-day conference will give you the tools needed to make Relay For Life a success in your community. Don't miss this opportunity to network with other volunteers and learn and share ideas.

At **Relay Committee Academy**, you will attend workshops on current information about Relay For Life and the American Cancer Society and your specific position for the year ahead, plus one workshop of your choosing to help you build on your current skills or develop new ones.
